

**HAZARD CLASSIFICATION: 6.1E, 6.3B, 8.3A**

This product must not be used for any purpose, or in any manner, contrary to this label unless authorised under appropriate legislation.

**TOXICITY** • Warning – may be harmful if swallowed. Causes mild skin irritation and causes serious eye damage.

**HANDLING PRECAUTIONS**

**STORAGE:** Store in original container, tightly closed and in a locked, dry, cool area away from foodstuffs. Storage must be in accordance with NZS 8409 Management of Agrichemicals. Stores containing 1000kg of Tank and Equipment Cleaner are subject to signage, and more than 10,000kg require emergency response plans.

**PERSONAL PROTECTION:** Avoid skin or eye contact. When handling wear eye and face protection and gloves. Do not eat, drink or smoke while using. Remove protective clothing and wash hands and face thoroughly after handling.

**DISPOSAL:** Triple rinse empty container and add rinsate to spray tank. Recycle empty container, otherwise crush and bury in a suitable landfill. Dispose of product only by using according to the label, or at an appropriate landfill.

**FIRST AID:** If medical advice is needed, have the product container or label at hand. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call the National Poisons Centre 0800 POISON (0800 764 766) or a doctor. If skin irritation occurs: Get medical advice.

**Spillage:** Wear appropriate protective clothing and prevent material from entering waterways. Sweep up solids without creating dust. Dispose of waste safely in an approved landfill.

Tank & Equipment Cleaner can be used for cleaning of spraying equipment, for decontamination when changing from one agricultural chemical group to another and for end of season cleaning before storage.

**RATE OF APPLICATION:**

Use	Water Vol.	Rate
Routine cleaning and decontamination of spray machinery	200L	240g
	500L	600g
Removal of residues of sulfonyl urea herbicides (metsulfuron & chlorsulfuron)	200L	480g
	500L	1200g
Removal of stubborn stains on spray tanks and other machinery	10L	30g
	20L	60g

**DIRECTIONS FOR USE**

**General Use:** Flush out sprayer with clean water. Half fill the spray tank and commence agitation. Slowly add the required quantity of Tank & Equipment Cleaner. Top up the tank and agitate vigorously for 15 minutes. Use hand lance or return hose (where suitable) to clean top of tank around filter basket etc. Open spray booms and spray out. With persistent chemicals or when cleaning at end of season allow mixture to stand overnight before spraying out. When sprayer is to be re-used immediately, re-fill the tank with water, agitate for 5 minutes and spray out. When storing sprayer for any length of time, do not give final rinse until required for use, as Tank & Equipment Cleaner leaves a protective film.

**Stain Removal:** To remove stubborn spray stains on the outside of the tank, on tractors or other machinery: mix Tank & Equipment Cleaner in a bucket and, using rubber gloves, vigorously scrub the affected areas with the solution using a stiff scrubbing brush.

**DANGER****KEEP OUT OF REACH OF CHILDREN • READ LABEL BEFORE USE**

# Tank & Equipment Cleaner

**CONTAINS: SODIUM TRIPOLYPHOSPHATE AND INDUSTRIAL DETERGENTS**

Contents: **600G**

- Cleans
- Protects
- Decontaminates
