

Fusilade Max Tank Mix List

The following tank mixes have been tested for physical compatibility with FUSILADE MAX at recommended rates of use and will mix in the sprayer tank. No tests have been undertaken on crop safety or product performance therefore, use is at the user's own risk. **Nufarm UK Ltd** will only support the physical compatibility of 2 or 3-way tank mixes of FUSILADE MAX with any of the fungicides, herbicides or insecticides listed. For further information on compatibilities, contact **Nufarm UK Ltd** on **0044 1274 694714**.

FUNGICIDES

Headland Mansion	Magnesium sulphate	Verdicrop Zinc 14%
Headland Microbor DF	Manganese sulphate	Yara Vita Photrel

NOTES

Before using any tank mixture, consult and comply with the recommendations of the partner products. Each product should be added separately to the bulk of the water in the spray tank and thoroughly mixed before adding the next chemical. Always use constant agitation of the sprayer tank during mixing, transportation and application. Spray immediately.

¹ Folicur at max 0.5 l/ha
