

## Know the Bentazone Risk

**'Know the Bentazone Risk' is a cross-industry programme, aimed at promoting sustainable on-farm water stewardship through events, engagement and the development of management tools, including the newly updated Crop Planning and Bentazone IPM Tool**

Data from the Environment Agency has shown that bentazone (e.g. Nufarm's Benta 480) is the approved pesticide in the UK most frequently found in groundwater and is also increasingly being found in surface water.

If contamination of water sources continue, it is possible that the approval for bentazone could be revoked, resulting in the loss of all bentazone products with serious implications for a number of crops, especially peas and beans, linseed, onions and maize.

## NEW Crop Planning and Bentazone IPM

The use of this Crop Planning and Bentazone IPM Tool has been developed to support water stewardship initiatives while promoting responsible and sustainable product use

- ✓ More user-friendly
- ✓ More IPM information
- ✓ Provides evidence of decisions taken, responsible and sustainable product use

***For maximum value, the tool should be used during rotation planning to avoid sowing legume crops on the most at-risk fields and hence avoid inappropriate use of bentazone***

Scan the QR code and then follow 4 simple steps to quickly understand your Stewardship risk using the tool

1. Enter your postcode
2. Complete required questions
3. Consider your risk & field choice accordingly
4. Download PDF to evidence your IPM

Benta 480 contains bentazone  
Benta is a trademark of Sharda Crop Chem

Details of application rates and timings are given in Nufarm labels and product literature; both of which can be accessed from our website [www.nufarm.com/uk](http://www.nufarm.com/uk). Alternatively, ring the Nufarm helpline on 01274 694714, Monday to Friday 9.00 - 17.00 Use plant protection products safely. Always read the label and product information before use. For label and safety information, refer to the Nufarm website [www.nufarm.com/uk](http://www.nufarm.com/uk). Nufarm UK Ltd, Wyke Lane, Wyke, Bradford, BD12 9EJ.
