## **Fungicide**

*This bag contains seed or bulbs treated with Thiram. When opening this bag or loading/pouring the treated seeds or bulbs, wear long-sleeved shirt, long pants, shoes, socks, and chemical resistant gloves. Store away from feeds and other foodstuffs.*

## **CAUTION**

**TREATED SEED OR BULBS**

**DO NOT USE FOR  
FOOD, FEED, OR OIL PURPOSES.**

**KEEP OUT OF REACH OF CHILDREN**

**PRECAUTIONARY INFORMATION  
FOR TREATED SEED**

The treatment applied to this seed or these bulbs is harmful if swallowed, absorbed through skin, or inhaled and causes moderate eye irritation. Avoid breathing dust from treated seed. DO NOT take alcohol immediately before or after exposure to treated seed. The consumption of alcohol by the seed handler can increase the toxicity of the seed treatment. Prolonged or frequently repeated skin contact to thiram treated seed may cause allergic reactions in some individuals.

Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

After the seeds or bulbs have been planted, do not enter or allow worker entry into treated areas during the restricted-entry interval (REI) of 24 hours. Exception: Once the seeds or bulbs are planted in soil or other planting media, the Worker Protection Standard allows workers to enter the treated area without restriction if there will be no worker contact with the seeds or bulbs.

Plant cotton, wheat, barley, oats, and sugar beet seed a minimum of 1 inch deep.

## ENVIRONMENTAL HAZARDS

**DO NOT** apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. **DO NOT** apply when weather conditions favor drift from treated areas. **DO NOT** contaminate water when disposing of equipment washwater or rinsate.

**Endangered Species** – This bag contains seed treated with thiram. This product may have effects on federally listed threatened or endangered species or their critical habitat in some counties. It is a violation of federal law to kill, harm or harass listed animal species without authorization. To limit the potential for such impacts when using this product, consult and follow the instructions provided in the EPA Endangered Species Bulletin for the County or Parish in which you are applying the seed. To determine whether your County or Parish has a Bulletin consult <http://www.epa.gov/espp> before each season's use of this product."

### DISPOSAL:

Dispose of seed packaging in accordance with local requirements.

**DO NOT** contaminate water bodies when disposing of planting equipment wash water.

Excess treated seed may be used for ethanol production only if (1) by-products are not used for livestock feed and (2) no measurable residues of pesticides remain in the ethanol by-products that are used in agronomic practice.
