

FREQUENTLY ASKED QUESTIONS

WHAT IS TRUNEMCO?

Trunemco™ is a new nematode seed treatment solution that helps soybean, cotton and corn crops thrive.

- This patented technology primes plant physiology, activating natural nematode barriers for optimal protection
- Biochemical and microbial actives provide a dual defense, inside and out, against nematode feeding and establishment
- Delivers root health, seedling vigor and uniform plant growth at crucial early stages
- Proven to provide superior damage control and higher yield profiles
- Offers seed-application handling ease with a caution signal word, low-use rates, and minimal contribution to slurry volume
- Compatible with most seed treatments

WHAT ARE THE KEY CROPS?

Soybeans, Cotton, and Corn

IS TRUNEMCO AVAILABLE FOR IMMEDIATE SALE?

No. US registration is pending with a PRIA date in late May. State registrations to follow.

WHEN WILL WE KNOW THE PRICING?

Pricing will be made available after receipt of US registration.

HOW DOES TRUNEMCO DIFFER FROM SOLUTIONS LIKE (PONCHO® / VOTIVO® / ILeVO® / AVICTA® / CLARIVA® / NEMASTRIKE™)?

Trunemco is the only product that primes plant physiology and provides a dual defense against nematode feeding and establishment.

- Field trials have shown superior nematode damage control, resulting in higher yields across corn, cotton and soybeans (results can be reviewed in our Product Information Bulletins online at nufarm.com/uscrop or in more detail upon request)
- Combines lowest use rate (0.3 fl oz/CWT) and caution signal word

WHAT OPPORTUNITIES ARE THERE TO SEE/INTERACT WITH THE PRODUCT?

Near-term, Nufarm will exhibit at Commodity Classic and Trunemco will be out in field trials with numerous cooperators during the 2019 crop year.

- At Commodity Classic, Nufarm will offer a booth manned by Nufarm experts and several opportunities to learn about Trunemco and other Nufarm products
- Possible field trial tour options and calendar will be provided and circulated in the spring/summer

*US EPA approval of final label is pending. Trunemco™ is not currently registered for sale or use in the United States. Always refer to the final EPA approved label for directions for use and precautionary information.
