

CORN

SUPERIOR NEMATODE PROTECTION, INCREASED YIELD.

START WITH TRUE NEMATODE CONFIDENCE

Trunemco™ is a new nematode seed treatment solution that helps corn thrive. This patented technology primes plant physiology, activating its natural defense system for superior broad-spectrum protection against nematode feeding and establishment. As an added assist, Trunemco microbial protection acts as an external barrier. This dual defense provides a leading level of protection delivering higher yields — the kind that can make a true bottom-line difference.
