

# COMBAT WEEDS IN AQUATIC AND WETLAND AREAS.

With our newly expanded aquatic herbicide portfolio, Nufarm offers a solution for nearly any aquatic or wetland weed challenge. Our range of selective and non-selective products include labels for full terrestrial and aquatic uses as well as quiescent or slow moving aquatic sites, irrigation canal ditch banks, lakes, marshes, ponds, reservoirs and more. Keep aquatic areas free of troublesome and nuisance weeds with Nufarm.

NUFARM AQUATIC PORTFOLIO			
TRADE NAME	ACTIVE INGREDIENT	FORMULATION TYPE	CONCENTRATION
AquaSweep®	2,4-D + triclopyr	liquid	2.78 + 1.07 lbs/gal
Clipper®	flumioxazin	WDG	51%
Clipper® SC	flumioxazin	liquid	4 lbs/gal
Depth Charge™	2,4-D acid + flumioxazin	liquid	4 + 0.26 lbs/gal
Diquat SPC 2L	diquat dibromide	liquid	2 lbs/gal
Foresters®	glyphosate	liquid	5.4 lbs/gal
Polaris®	imazapyr	liquid	2 lbs/gal
Polaris® AC Complete	imazapyr	liquid	4 lbs/gal
Tahoe® 3A	triclopyr	liquid	3 lbs/gal
Tradewind®	bispyribac-sodium	WSP	80%
Weedar® 64	2,4-D amine	liquid	3.8 lbs/gal

PRODUCT	KEY USES	BENEFITS	 TERRESTRIAL	 AQUATIC
<b>AquaSweep®</b>	Alligator weed, water hyacinth, cottonwood, Russian olive, poison ivy and oak, sericia lespedeza, trumpet creepers	The first combination liquid formulation labeled for terrestrial and aquatic uses. Controls invasive and noxious weeds from the top of the mountain to the bottom of the river including wetlands as well as rangeland and pasture.	✓	✓
<b>Clipper®</b>	Cabomba, duckweed, Eurasian watermilfoil, giant salvinia, water lettuce, watermeal	Clipper® delivers fast and selective control of tough invasive and nuisance plants in many settings. Plus, Clipper dissipates quickly from the water column and does not accumulate in sediment. Clipper is the originally labeled dry 51% WDG formulation.		✓
<b>Clipper® SC</b>	Cabomba, duckweed, Eurasian watermilfoil, giant salvinia, water lettuce, watermeal	New liquid Clipper® SC delivers fast and selective control of tough invasive and nuisance plants. Plus, it dissipates quickly from the water column and does not accumulate in sediment. With 4 lb of flumioxazin per gallon, Clipper SC offers easier handling and mixing.		✓
<b>Depth Charge™</b>	Alligator weed, water hyacinth, water lettuce, duckweed, hydrilla, watermilfoil	Depth Charge™ delivers fast control of tough invasive and nuisance plants. It's unique patent pending formulation of 2,4-D acid and flumioxazin delivers quicker uptake and efficacy, along with greater initial visibility for submerged applications.	✓	✓
<b>Diquat SPC 2L</b>	Cattails, hydrilla, pennywort, pondweeds, water lettuce, watermilfoil	Outstanding broad-spectrum control of aquatic weeds. Diquat SPC 2L can be used to control glyphosate resistant weeds.	✓	✓
<b>Foresters®</b>	Cattail, curly dock, phragmites*, alligator weed, lambsquarters, kochia, pigweed *partial control in southeastern states	Foresters® is specially formulated to offer a high concentration of glyphosate with no surfactant load allowing for flexible applications in and around wetland areas found in forestry and various industrial sites such as utility rights-of-way.	✓	✓
<b>Polaris®</b>	Cattails, cogon grass, cut grass, wild taro, water lily, water primrose, pennywort, parrot feather, melaleuca, Japanese knotweed, Brazilian pepper, duck-potato	The standard choice for rights-of-way and aquatic sites. Superior control of difficult to control weeds, grass and brush. Effective in low-volume applications.	✓	✓
<b>Polaris® AC Complete</b>	Cattails, cogon grass, cut grass, wild taro, water lily, water primrose, pennywort, parrot feather, melaleuca, Japanese knotweed, Brazilian pepper, duck-potato	Twice the activity of Nufarm Polaris® Herbicide with the convenience of fewer packages to reduce labor costs. Labeled for rights-of-way, forestry, pasture/rangeland and aquatic areas.	✓	✓
<b>Tahoe® 3A</b>	Alligator weed, American lotus, American frogbit, aquatic sodaapple, Eurasian watermilfoil, milfoil species, nuphar (spatterdock), parrot feather, pennywort, phragmites, pickerelweed, purple loosestrife, water hyacinth, water lily, water shield, water primrose	Provides control of a broad spectrum of woody plants and broadleaf weeds while leaving surrounding desirable grasses unaffected. Labeled for terrestrial and aquatic use sites.	✓	✓
<b>Tradewind®</b>	Duckweed, Eurasian watermilfoil, hydrilla, mosquito fern, parrot feather, water lettuce	Tradewind® utilizes systemic chemistry to selectively control hydrilla (even fluoridone-resistant hydrilla), Eurasian watermilfoil and other aquatic plants — with minimum impact on desirable plants. Tradewind is in a novel chemical class and provides a tool for herbicide resistance management. Plus, it delivers lasting activity in the water column.		✓
<b>Weedar® 64</b>	Water hyacinth, water lily, water plantain, water primrose, water shield, pennywort, parrot feather, duckweed, Eurasian watermilfoil, spatterdock, willow	A low-volatile, premium DMA-4 formulation that is sequestered to 1,500-ppm water hardness.	✓	✓
