

# Adorn® FUNGICIDE

## DOWNY MILDEW, PYTHIUM & PHYTOPHTHORA CONTROL.

Defeat downy mildew, Phytophthora and Pythium and fight resistance development for ornamental production with the novel mode of action of Adorn® Fungicide. Adorn brings maximum control of diseases, without resistance issues. Plus, Adorn is an excellent addition to fungicide rotations and plays a key role in a grower's resistance management program. All with low use rates, too.

### ADORN DELIVERS

- Excellent control of downy mildew, Phytophthora and Pythium
- Novel mode of action
- Resistance management tool
- Must be tank mixed for resistance management
