

Tourney® EZ

FUNGICIDE

FIGHT TOUGH TURF DISEASES WITH ONE POWERFUL SOLUTION

Tourney EZ liquid formulation is the next generation of Tourney fungicide. Tourney EZ is a powerful, broad-spectrum solution for the most problematic cool-season and warm-season diseases. As one of the most active DMI fungicides on the market, it's your go-to solution for effective control of anthracnose, brown patch, summer patch, take-all patch, fairy ring, dollar spot, necrotic ring spot, gray leaf spot, snow mold and other patch diseases.

Apply Tourney EZ early in the spring to knock-down inoculum and future infections of a wide range of diseases like fairy ring, summer patch, anthracnose, brown ring patch, take-all patch, and dollar spot. Apply Tourney EZ early in the season when soil temperatures reach 55-65°F at 2" depth, followed by another application 21-28 days later. Reduce PGR rates or avoid tank-mixing PGRs with Tourney EZ, especially on greens where annual bluegrass is the desirable species.

COMPETITIVE ADVANTAGES

FIGHT TOUGH DISEASES WITH LOW USE RATES & GREAT VALUE

- Bookend your fungicide program with Tourney EZ. Start and finish your season strong with less stress and fewer diseases.
- Spring disease prevention DMI app for root infecting patch diseases like fairy ring, summer patch, take-all patch, and necrotic ring spot.
- In-season specialist for severe diseases like anthracnose, dollar spot, brown patch, and fairy ring. Reduce rates to 10 oz/A on annual bluegrass.
- Fall shoulder, crown and foliar diseases like dollar spot, gray leaf spot and snow mold.
- Great value for fairways.

USE SUMMARY

DISEASE	USE RATE (FL OZ/A)	APP INTERVAL (DAYS)
Anthracnose	12 - 16	14 - 21
Brown Patch	12 - 16	14 - 21
Dollar Spot	8 - 16	14 - 21
Fairy Ring	16	21
Grey Leaf Spot	16	14
Necrotic Ring Spot	16	14
Large Patch	16	14
Summer Patch	16	14
Take-all Patch	16	14
Brown Ring (Waitea) Patch	16	14
Zoysia Patch	16	14
Microdochium Patch	16 – 19.2	Late Fall
Grey Snow Mold	16 – 19.2	Late Fall
