Escalade²

Change Up[®] + **Manor[®]**
OR **Southpaw[®]**

Southpaw[®]

Southpaw[®]

Sedges, grasses & broadleaf weeds

Sedges, grasses & broadleaf weeds

Surfactants: Use a non-ionic surfactant with Certainty, Celero, Envoy Plus and Southpaw.

SEDGES

- Sedges and kyllinga

Certainty specializes in emerged sedges and kyllinga species at the 3-8 leaf stage

OR

Celero[®]

Celero translocates down to the roots, controlling difficult sedges and kyllinga.

LANDSCAPE BED MAINTENANCE

Save labor and keep landscape beds clean of weeds. Cheetah[®] Pro is a great tankmix partner with SureGuard[®] EZ to control existing weeds and apply a lasting pre-emergent barrier.

SureGuard EZ + Cheetah[®] Pro

Knock down weeds & keep them out

OR

Envoy Plus[®]

Annual & perennial grasses in ornamentals

*For St. Augustinegrass apply Change Up at 1 pt/A and Manor at 0.5 oz/A.
