

Nufarm Academy – Virtual Learning Webinars

Produced to support growers and advisors with seasonal information on a diverse range of topics, the Nufarm Academy ensures users get the most out of Nufarm’s product range through a series of technical webinars.

With better understanding of the challenges facing growers and farmers today – crop quality and market demands, changing legislation, environmental and business sustainability – the [Virtual Learning Webinars](#) bring to life **Nufarm’s Agronomy Solutions**.

A range of webinars are **available online now** with several new screencasts to be added each month, providing interesting and educational content for successful crop managers across the **grassland, arable, amenity and horticulture** sectors, in addition to [Nufarm’s Technical Bulletins](#) and seasonal briefings.

Each Nufarm Academy Virtual Learning Webinar is eligible for **IASIS CPE Credits** by watching each webinar and using the individual IASIS Reference Codes to claim points.

 <p>Autumn Grass Top Tips</p> <p>Viewing Time: 15 minutes</p> <p>A summary of weed control top tips for grassland this autumn.</p> <p>→ WATCH</p>	 <p>Phenoxy Stewardship Webinar</p> <p>Viewing Time: 7 minutes</p> <p>An overview of best practice when applying phenoxy herbicides on your crops.</p> <p>→ WATCH</p>
