

HEALTH, SAFETY AND ENVIRONMENT POLICY

Nufarm is committed to ensure that its activities present a high level of protection for the health and safety of its employees, customers, the public and the environment.

We believe ALL accidents are preventable.

A personal commitment from all employees is essential in promoting and achieving this aim.

The company will assess and manage the risks associated with our processes, provide safe working conditions, define and train its employees in safe working practices and provide information for the control of hazards in the workplace and for protection of the environment.

Supervisors and managers will be held accountable for the safety and occupational health of their people and for the environment protection measures in activities over which they have control.

The Company's objective is to carry out its business with no adverse effect on its people, the community and the environment, and to strive for sustainable development and continual improvement.
